

CMT 330 THREE-KNIFE TRIMMER

On-line trimming of your books.

The **CMT 330** three-knife trimmer finishes soft-cover, perfect bound books at a rate of up to 400 books per hour. Designed for on-demand digital printing, it can also find its place in a traditional offset printing workshop. Fully automatic, the **CMT 330** nevertheless lets you control the entire production process.

It is also possible to connect the **CMT 330** on-line with the **BB 3002**.

Used in-line, perfectly integrated in the finishing line of a digital on-demand printing system, the **CMT 330** will ensure the finish of the perfect bound books produced by the **BBF 2005**, in all production configurations with Xerox, Océ, Kodak, Canon, Ricoh, ... digital printers.
