

EASY TO USE - EASIER THAN A PHOTOCOPIER

LOAD'N GO - NO OPERATOR TRAINING REQUIRED

FULL COLOUR TOUCHSCREEN TECHNOLOGY

LOW NOISE LEVEL - FOR ANY ENVIRONMENT

FULLY ACCESSIBLE - ERGONOMIC DESIGN

### FEEDER SWAP

Continuous operation is achieved by cascade feeding. If one feeder runs empty, another one takes over.

### MAXIFEEDER

Load up to 325 BRE's or 1.200 A5 inserts in the optional maxiFeeder.

### ENVELOPE OUTPUT OPTIMISATION

Choose the best way to collect your filled envelopes and optimise space, ergonomics and productivity.

## SECURE PROCESSING

To ensure that every recipient gets the correct mail piece, Neopost's electro-mechanical thickness detection protects against double feeding. It is insensitive to dust, and works with toner or coloured paper. The DS-70 measures the thickness of every document from each feeder via secure'n Feed.

## PRINTMACHINE SOFTWARE - ENRICH YOUR DOCUMENTS

Neopost's PrintMachine software helps you to add OMR-marks to your documents. A whole new world of mail creation possibilities will be unfolded.

## OPTICAL MARK RECOGNITION (OMR)

Using a sequence of marks, the DS-70 is able to securely process sets of documents with a varying number of pages to ensure they reach the correct recipient. With Flex-OMR, the DS-70 can also "read" non-Neopost codes.

## INSERT'N FRANK

Automate your total mail flow by connecting the DS-70 to a Neopost franking system.

## CUSTOMER AND AFTER SALES SERVICE

Neopost ensures the best customer and after sales service in the world. We wouldn't be nr. 1 in the world if we didn't care about you, would we?

## WHY CHOOSE NEOPOST

Neopost is the European leader and a leading worldwide supplier of mailroom equipment and logistics solutions. Neopost offers you the most advanced range of products and services for on-line or off-line postage, large volume mail insertions, address printing, incoming mail and occasional parcel delivery and traceability management.

# DS-70

## YOUR OFFICE PROFESSIONAL

Do you have limited space in your office or mailroom? Then the quiet DS-70 can help you out. It folds and inserts your mail and has everything you expect from office equipment: small footprint, low noise and office looks. A user-friendly full colour touchscreen with clear pictograms makes the DS-70 easy to use for everybody in the office. It is even easier to use than a photocopier.

### EVERY KIND OF APPLICATION

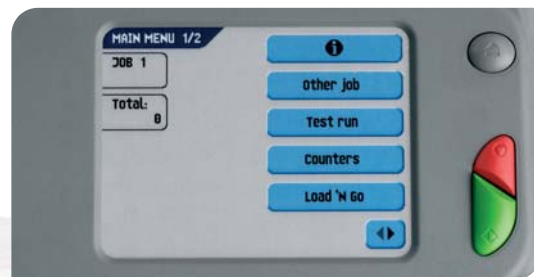

Thanks to Neopost's unique flexFeed technology, you can load any document size in each of the 3 feeders. The variety in applications is up to you. Furthermore, you don't need to fan documents before loading.

### PROFESSIONAL MAIL PIECE

Collating the documents before folding them is not only faster than collating them in the envelope, it also ensures a perfect presentation and reduces the risk of jams.

### POWERFOLD6

With Powerfold6 you can fold up to 6 pages in trifold and up to 8 pages in singlefold. Both crisply and silently.

### DAILY MAIL

The Daily Mail mode offers the possibility to process sets fed by hand, stapled and unstapled.

### SPECIAL FEEDERS

This optional feeder has been specially designed to feed more different paper types, including coated material and even small booklets.

### LOAD'N GO

Everybody can use the DS-70. No need for skilled operators thanks to load'n Go. Just load documents and envelopes 'n press the button to Go. The DS-70 will adjust all settings automatically and even save them in the memory for instant recall. Regular jobs? Just run load'n Go and store the settings in one of the 20 available jobs.

- EASY TO USE - EASIER THAN A PHOTOCOPIER**
- LOAD'N GO - NO OPERATOR TRAINING REQUIRED**

### **YOUR OFFICE PROFESSIONAL**

Besides being suitable for the mailroom environment, the DS-70 is developed to fit into any office environment. It is small, very silent and very efficient.

### **EXCELLENT ACCESSIBILITY**

The DS-70 gives you quick, safe and easy access to all parts of the paper path. You will quickly be up and running again if there is a break in production.
